All the world's a stage,
And all the men and women merely players:
They have their exits and their entrances;
And one man in his time plays many parts...

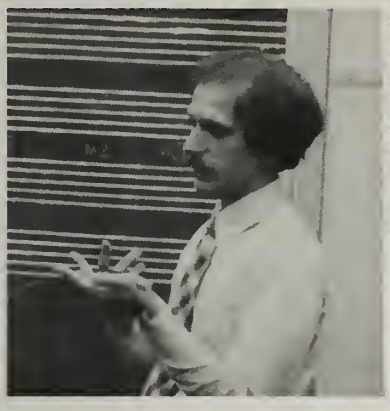
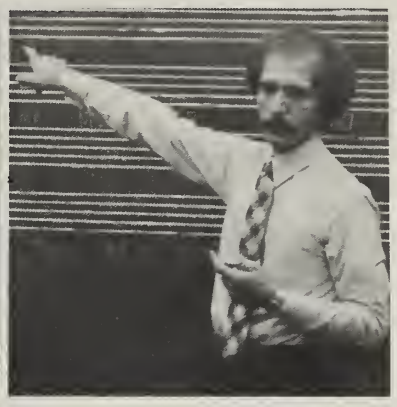
## Dedication





We, the class of 1982 of Westboro High School, wish to dedicate this yearbook to Mr William Pappanisis. Through the contact that we have had with "Mr P" in his time here, he has taught us that academic success is not the sole key to success in life. Through the medium of music he has worked to inspire in us a love for the aesthetic qualities of life that do indeed play such a great role in the making of the whole person. For the support and enthusiasm he has shown in the activities of both our class and the school which we represent as graduates, we leave behind his name with fond wishes as we continue on, using his lessons to help us build a world of our own.

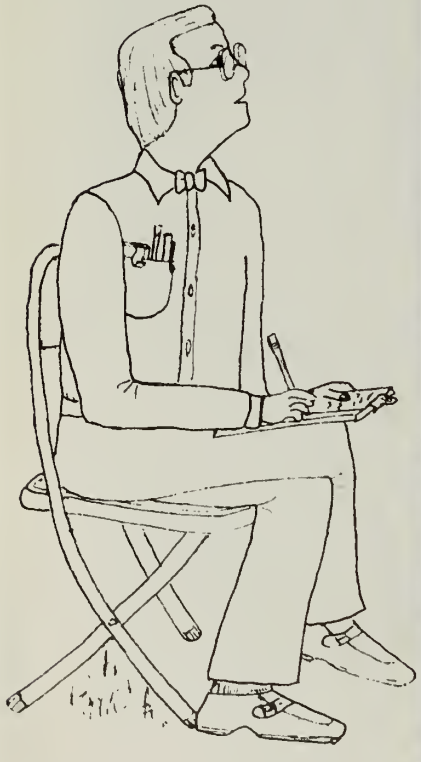
# Previous performances

A year ago the cast of 1982 attempted their first real production in the form of a talent show. The audience proved to be quite an obstacle for the M.C.'s, Jim Delle and Bob Menzel. They stood the heckling well and kept the show rolling while adding their own brands of absurdity. Pam Proto dominated the between act skits and became renown for her hysteric portrayal of Mrs. Boyle. Rude Awakening turned many a head and many a stomach.



The little ditty sung by the less than half clothed Kurt and Bill held the full attention of the audience, while "Point in Space" surprised everyone with their quickly-found talent.

Roberta Butler again charmed the judges with her music. She won first place, followed in second by Kathy Kane, and the Sophomore Girls in third. In summation the show was a success and a visible display of the cast's potential.

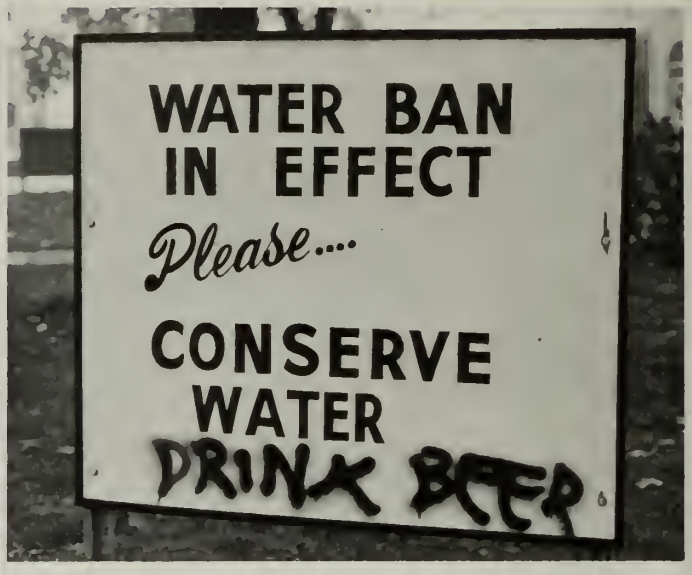
# "Class of '82": A success story

The widely acclaimed play "Class of '82" is winding down its four year run, according to the director. "The show was a huge success but the principles are all looking forward to more challenging roles." The play opened in September of 1979 and immediately became a huge success. The actors took pride in the show and it skyrocketed at once. However, the first years were disrupted by several events, both international and personal.

The new pope, John Paul I, died after only thirty days in office; the horrors of a nuclear accident at the Three Mile Island reactor; the Iranian hostage situation; the Mt. St. Helens eruption; and the Who concert trampling in Cincinnati. Several personal events also disrupted the play's run: ticket sales were slowly sinking, the treasury was almost empty, and a ticket-selling scandal forced the retirement of the show's first director. The producer threatened to withdraw financial support and the show seemed doomed. However, a new director took over the reins of control and got the show back in lights. The show once again prospered. Several successful money raisers, including a gala festival ball and an impressive Italian dinner, enabled the show to reopen.

The third year of the show was a great success. The cast held an extragavent party to celebrate the successful year and to kick off the final encore year. Several newsworthy events marked the third year: the final release of the Iran



hostages; the landslide victory of Ronald Reagan over President Carter; several attempted assassinations: an attempt on the life of President Ronald Reagan, and an attempt to murder the pope, John Paul II; and one successful assassination, the brutal, senseless murder of John Lennon outside his new York apartment.

In the final year of the play "Class of '82", several events have already become history. The space shuttle was launched into space, while Libyan SU-22 fighter planes were being shot down. The air traffic controllers went on strike and sent the air space over the United States into turmoil. The Middle East Situation intensified as Egypt's Anwar Sadat was brutally slain. Locally, the town has been stricken by a water shortage (and a subsequent water ban), as well as a teacher dispute that cost the "X-important" "Class of '82" cast their second and most effective director. Time still remains to catch a showing of the "Class of '82" and this edition is one well worth seeing. The future of the cast is yet to be seen, but to all of those people who have made these four years what they have been, good luck and God bless. We love you all.

imagine there's no heaven
it's easy if you try
no hell below us above us only sky
imagine all the people living for today
imagine there's no countries
it isn't hard to do
nothing to kill or die for and no religion too
imagine all the people living life in peace
imagine no possessions
i wonder if you can
no need for greed or hunger a brotherhood of man
imagine all the people sharing all the world
you may say i'm a dreamer
but i'm not the only one
i hope someday you'll join us
and the world will be as one

As another Yearbook is distributed our thoughts are two-fold: congratulations to the Staff for a job very well done, and congratulations to the Seniors as they look toward Graduation in a very few days.

Graduation! Certainly *the* magic word so far as High School is concerned. Graduation! Is it, as some say, a commencement · a beginning · or is it an ending? Is it the leaving of a small pond to enter a very large sea · the sea of Life which is navigated on the good ship "Vocation"? Is it the start of either a career or the education for that career which will ecome Life's work? Is it the ending of friendships we have made, or is it the start of making additional friends? Is it both sad, and yet joyous, as many tell us?

Graduation! Is it a time for examining the past so as to improve on the future?

Graduation! What ever it is, it *is* a time for congratulations. So congratulations, Class of 1982, we wish the best for each and every one of you.

FLASH!!
Class of '82, Westboro High School has won the "Chem-Gem of The Decade" award at the recent "Marvin Dah Mole" "Theater-by-the-laboratory." In a unanimous decision voted on by "Chem-Gemery Weekly", the class of '82 has by far, the greatest number of Chem-Gems of any class over the past ten years. Local chemistry teachers agree that the class of '82 far exceeded all expectations. In one statement, all was summed-up . . . "The Class of '82 is a bunch of real chem-gems."

*—Mr. Cerasoli*

A motley group of interesting and exciting individuals.

*—Mr. Fredette*

Isn't it astonishing that so many seniors show up for section rehearsals . . . Even when they're not in chorus.

Be true to yourself, masks don't make friends, those who like your mask only know your mask, not you. I would like to extend my thanks to all of those who worked hard and donated their time to create this yearbook. We overcame many obstacles, and met each challenge. This is our yearbook; that we give to our class: The Class of 1982. Memories that will be the foundation for the future.

Many Thanks,

Quiche

## Miss Charlotte Spinney

When Miss Spinney took over as our class advisor, there seemed to be no hope for us as a class. Because of a misunderstanding, our previous advisor had resigned. Our treasury was almost on "E". She became class advisor to a spiritless bunch of juniors who didn't seem to care much about their class. But, Miss Spinney doesn't know how to do a job without organization and efficiency, and soon the class officers were doing the same. Under Miss Spinney's guidance, most of our fundraisers have been successful and, because of those, our proms and talent show were also successful. Thanks, Miss Spinney.

## Mr. Robert Kirby

Mr. Kirby came to the Westboro school system 25 years ago. He began as a teacher and then worked his way up the ladder to become vice principal of the high school. He has given his dedication to Westboro High for each of these years by helping to improve our education, intiating programs, and advising students. We congratulate you, Mr. Kirby, on completing 25 years of dedicated service to Westboro schools and we hope you enjoyed them as much as we have enjoyed our four years here. Good luck on your next 25!

# *In Memory Of . . . . David Smith*

*We, the class of 1982, would like to dedicate our four years of high school to David Smith. He was a member of our class who would have shared those years with us had he not been taken from us so quickly and so unexpectedly. We had just entered Westboro High when we lost David, but we can still remember his smile, his laughs, his jokes. We all miss you, David, and deeply wish you were still here with us to take part in our graduation.*

*good times will be remembered*
*with a wistful smile*
*and i'll know what*
*you've given me*
